## August 2015 PATHFINDER

Greetings!

The national course was attended by over a thousand GI nurses and associates, with 35 from Michigan. The vendor hall was most impressive and educational with some vendors offering optional CEU lectures, materials and photographs as souvenirs which we took advantage of. Posters were displayed and judged. The excellence of the many speakers was a reflection of the planning of SGNA.

Kathy Smith and I attended the House of Delegates and voted on the resolutions that were presented. All five passed. The first one was that SGNA develop an audio version of the certification review course. The second resolution was that SGNA rename the annual course scholarship in recognition of Doris Barnie's contribution to SGNA. Doris Barnie shaped the future of GI nursing, certification, and countless hundreds of GI nurses across the country. The third resolution stated that SGNA provide resources to regional societies on website management. The fourth one was for SGNA to develop a leadership manual made available to the regions that defines the roles & responsibilities, regional requirements and additional orientation materials for local board members. The final one was that SGNA telecast live interactive general sessions to remote locations. Also at the House of Delegates, Kathy and I represented our region at the Chartering ceremony and received a certificate for completing the rechartering requirements for MSGNA. On a personal note, I listened to other region's delegates at the leadership meeting and am proud of the accomplishments of our region. We have an exceptional region of membership, board of directors, and fantastic conferences!

In June, each regional president received an ABCGN Regional Resource Kit. This is a book that explains the ins & outs of CGNA certification and recertification to promote certification to our members. It includes information on scholarships and awards for certification, the value of certification, the certification application process & handbook, recertification handbook, along with GI specific program approval. We look forward to assisting our region's members through the resource kit.

In closing, I am looking forward to seeing many of you at our Fall conference at Great Wolf Lodge in Traverse City. What a fun venue! And don't forget to vote for officers/board members through the electronic voting on our website. It is easy & convenient with no mailing of your ballots and saves money.

Jenneva Kremke, MSGNA President

## Michigan Society of Gastroenterology Nurses and Associates

Message From your Immediate Past President: Hi to all! The MSGNA ELECTION is just around the corner and don't forget it is going to be electronic. The decision to move away from paper was a decision that the BOD took very seriously. We discussed the costs; the envelopes, the biographical sheets for all the candidate, the photo pages, the postage and the hours involved in putting it all together. In addition, we discussed the concept of moving forward into the age of iPhones, iPads, and smart phones! The BOD always tries to strive to model your professional organization on the standards of SGNA, so we now have electronic elections!

But of more significance is not the process of how you vote but that you JUST DO IT!!! Voting is not just a privilege but a responsibility! Your BOD's works hard to provide 2 High quality educational conferences, and you have the opportunity to elect peers to the positions that can be part of the team that works for you.

MSGNA is one of the strongest regionals and you the reason: you attend the conferences, you pay your dues, and now you can make us even stronger by increasing our number of voters in this years election!

Sincerely

Patti Yonkovit BSN RN CGRN

**There are many perks to becoming an SGNA member. Beside having a wealth of knowledge available from MSGNA and SGNA newsletters and the Gastroenterology Nursing Journal, the organizations also have websites that offer additional up to date information. Members are also eligible for reduced rates to our annual conferences that we have twice yearly. They are an excellent way to get CE's. MSGNA was established in 1981 and we still have an original member. MSGNA has 254 members and is growing strong.**

### MSGNA Poster Presentation Financial Aid:

The purpose of changing from a contest to financial assistance is to provide support of MSGNA members interested in presenting a poster at the SGNA national conference and subsequent MSGNA fall conference and to better align MSGNA with SGNA's process.

An abstract should be submitted to SGNA by their deadline (found on the SGNA website) sometime in the fall prior to the next May's SGNA national conference. Once SGNA accepts the abstract this notification should be submitted to MSGNA's current President-Elect for approval of up to \$1500.00 to be divided amongst all authors for expenses involved in presenting (example: supplies, tuition, transportation, housing, meals). Presenters must be willing to present at both the SGNA national conference AND the MSGNA fall conference. If multiple posters are accepted by SGNA it will be at the discretion of the MSGNA BOD as to how much financial assistance is to be offered.

Kathy Smith

President Elect

### Advanced Associates Program Scholarship

This is a quarterly scholarship and the deadlines for submission are March 1, June 1, September 1 and December 1.

SGNA Advanced Associates Program Scholarships have been established to financially assist SGNA associate/technician members and non-members with purchasing the Advanced Associates Program. The purpose of this program is to provide an associate/technician with the opportunity to further their knowledge base in the field of GI/endoscopy. Technicians and

## Michigan Society of Gastroenterology Nurses and Associates

associates are able to earn a higher level of recognitions as an Advanced GI Technical Specialist (AGTS) by successfully completing the Advanced Associates Program. The program is not an official certification but does help enforce the associate/technician's commitment to the GI/endoscopy profession. Scholarships covering the cost of the Advanced Associates Program will be awarded quarterly to those members and non-members who meet the established criteria. The number of scholarships awarded will depend upon funds available.

I've been the MSGNA Treasurer for nearly 7 months now. I thought I would tell you a bit about it.

Sounds simple that the treasurer will pay bills and write checks. Since taking this office, I have deposited over \$25,000, and written checks for about \$30,000. Putting on a conference is a lot of in and out of funds, keeping track of what is being spent with deposits for venues being made a year in advance. The Treasurer is responsible for signing contracts. It takes a lot more time than I had expected, although I am so happy to be doing this job. I have already learned so much and have such an appreciation for those that have done this before me. I am thankful for the guidance of Kathy Smith our last Treasurer and present President-elect.

As an MSGNA member, you are entitled to ask any question or request any information regarding our finances. I am happy to answer the questions or get you the information you are requesting. Please feel free to contact me at [maryatpie@gmail.com](mailto:maryatpie@gmail.com) or [mpierce@rggastro.com](mailto:mpierce@rggastro.com).

The checking account presently has \$43,000+ and savings with \$24,000+. The conference this last March cost over \$13,000 to put on. Thankfully, the vendor table fees help cover part. Tuition for conference is set for the next year at the November board meeting with attention payed to keeping cost as low as possible for MSGNA members. I encourage you to join this great organization. Any comment you may have concerning this is appreciated.

Enjoy the remainder of the summer and hope to see you in Traverse City!  
Mary Pierce, Treasurer

## Associates Program Scholarship

This is a quarterly scholarship and the deadlines for submission are March 1, June 1, September 1 and December 1.

## Michigan Society of Gastroenterology Nurses and Associates

SGNA Associates Program Scholarships have been established to financially assist SGNA associate/technician members and non members with purchasing the Associates Program. The Associates Program is an online education program that provides an associate/technician the opportunity to validate their skills by being recognized as a GI Technical Specialist (GTS). The Associates Program is not an official certification but does help enforce the associate/technician commitment to the GI/endoscopy profession. Scholarships covering the cost of the Associates Program will be awarded quarterly to those members and non members who meet the established criteria. The number of scholarships awarded will depend upon funds available.

### **Recertify Quickly and Easily**

It may have been taken you five years to accumulate enough contact hours for recertification, but you can submit these hours for recertification quickly and easily. This year when you recertify, use ABCGN's online system at <https://www.abcgcn.org/secure/recertification>.

The online system replicates the paper forms that you have always used. You just type your information in the appropriate categories and hit submit. It is that easy. Online submissions will be audited at the same percentage as hard copy packets were, back-up materials will only need to be provided if you are notified of an audit.

If you are set to expire at the end of 2015, you can submit at any point during the year. Certificates are issued on the 15<sup>th</sup> and 30<sup>th</sup> of the month. This date is noted on your certificate, meaning that you can start collecting contact hours towards your next recertification period on that date. What a great way to get a jump start on your next recertification and not lose "extra" contact hours.

Have questions about recertification or the exam; give ABCGN a call on their new toll free number: 1-855-252-2246 or 1-855-25-ABCGN.

## SGNA Membership Dues Scholarship

**The deadline for submission is October 1.**

SGNA Membership Dues Scholarships have been established to financially assist SGNA members with their annual membership dues. Grants of \$95 (Voting Licensed Nurse) or \$70 (Voting Associate) will be awarded each year to those members who meet the established criteria. The scholarship does not cover the cost of SGNA Regional dues. The number of scholarships awarded will depend upon funds available.

You are eligible to apply if you answer yes to the following:

- have previously been a member of SGNA for two or more years;
- you are currently employed as a caregiver in the field of gastroenterology;
- you actively support the goals and philosophy of SGNA;
- you can demonstrate financial need.

You are ineligible if:

- you have previously received a Membership Dues Scholarship from SGNA or
- you are a member of the SGNA Board of Directors.
